Details of Investigation

On 3/23/2023 Sergeant (b)(6); with Palm Beach Police Department reported the following information:

On March 23, 2023, PBPD dispatch received a call from Miami Dade in reference to a delayed Sexual Battery. I spoke with a female Sergeant who advised me that she spoke with a female (b)(6); who stated that she had changed her name to (b)(6); (for notoriety reasons) who wished to report that in 1982 when she was 15 years ago, she was drugged and raped by Donald Trump. I was further advised that she was referred to our agency and would be calling in the next 10 minutes. While on the phone, I received a call from our dispatch. Believing it was (b)(6); I ended the call with Miami Dade.

Prior to answering the call, I turned on a recording device, and answered. I spoke with a female who identified as (b)(6); with a date of birth of (b)(6); and telephone number of (b)(6); Over the course of 35 minutes, I spoke with (b)(6); who explained that she was raised in a Mormon family in Utah and believed that when she was 15 years of age that she was sold to Donald Trump and escorted by Jeffrey Epstein so that her parents could get out of debt. (b)(6); now believes that in 1982 her parents began to drug her with Ketamine by putting it in cups of milk. It should be noted that the effects of a dose of Ketamine aka Special K have a short duration/ effect for 15-40 minutes. (b)(6); believes that when she was drugged that she was transported from Utah to Florida where Donald Trump had sex with her. She also believes that during this time she was exposed to Jeffrey Epstein, (b)(6); (b)(7)(C) and (b)(6); Furthermore, (b)(6); believes that Epstein accuser (b)(6); face was photo shopped on her body on the infamous photograph of (b)(6); in a half shirt with (b)(6); and (b)(6); (b)(6); knows this because of the watch on her am.

While never actually saying Mar-A-Lago, (b)(6); described being inside a building like no other in Florida and being at a dance hall wearing a black dress. She returned home over 70 days and had been drugged during the entire time. (b)(6); is believed to be angry over not getting paid by the Epstein Victim Fund. It should also be noted that (b)(6); was very insistent on the year 1983 and her age but records indicate that Donald Trump did not own Mar-A-Lago until 1985. While (b)(6); continued to speak, I searched her name and found that she was active on Twitter in 2020 where she was supportive of President Trump. When asked if she ever tried to contact Trump, (b)(6); stated she sent a letter to Trump when he was in the White House but never received a response. (b)(6); admitted to supporting Trump even after she believed that he raped her but now believes that he is not fit to be President and she will support DeSantis.

(b)(6); appears not to be of sound mind and began to drift off topic disclosing that Bob Dylan is actually her birth father.

I requested a check o (b)(6); aka (b)(6 from the USSS. This check resulted her not being of record.
